

IdeApps Survey

This survey is anonymous.

IdeApps is a responsive web application that allows users to post and select project ideas by swiping for ideas that have caught their attention or right for unappealing concepts. Users will be able to share ideas and find people to collaborate with as the members of this app will provide unique and diverse ideas. Please take time to do this survey, which will only take a maximum of 5 minutes.

Q1. Did you find the website easy to navigate? Why?

Site was easy to navigate but some of the buttons didn't seem to work.
